ADDITIONAL INFORMATION

Local purchase through cooperatives for cereals and pulses comprise 30% of the food commodities used in the program. Women comprise 60% of the cooperatives, and gender balance on the cooperatives' boards is a requirement. Small-scale farmers are engaged in the school feeding program and are supported with agricultural subsidies, agricultural extension, and training related to the program. Medium- and large-scale farms are also offered forward contracts (purchase agreements set prior to harvest). Private companies are involved in food processing, transport, and the provision of supplies (e.g., utensils).

SUCCESSSES AND CHALLENGES

Burundi reports the following recent **successes** linked to their school meal program:

- Introduction of farm-sourced dairy, launched by the President of the Republic
- Government endorsement of the national policy of school feeding
- The annual financial contribution to the program has increased by 71%
- Increasing commitment of communities to support the program
- Stronger involvement of the private sector
 - Construction of fuel-efficient stoves
 - Food fortification
- Local purchase of food commodities through smallholder farmers

Challenges reported by Burundi include:

- Only 25% of enrolled school children are fed
- Difficulty in finding clean energy to cook the food
- Inadequate infrastructure in schools (e.g., cafeterias or storage areas)
- Despite a zero tolerance policy, there have been cases of theft.

Other

- Burundi has a zero-tolerance policy related to fraud in the Ministry of Education

STUDIES CONDUCTED

A SABER exercise was done in 2016

NATIONAL SCHOOL FEEDING PROGRAM PROGRAMME NATIONAL D'ALIMENTATION SCOLAIRE

Lead implementer(s): Ministry of Education and Technical and Professional Training, *Ministère de l'Éducation Nationale, de l'Enseignement Technique et de la Formation Professionnelle*

OBJECTIVES:

- To meet educational goals
- To provide a social safety net
- To meet nutritional and/or health goals
- To meet agricultural goals

MODALITIES OF PROVIDING STUDENTS WITH FOOD:

- In-school meals
- Five days per week during the school year

Pre-school	11,657	–	–
Primary school	614,475	50%	50%
Secondary school	N/A		
Total	626,132	–	–

FOOD ITEMS:

Grains/cereals*	Dairy products*	Salt*
Legumes and nuts	Other vegetables	Oil*

* fortified

FOOD SOURCES:

95% Purchased (domestic)	5% In-kind (domestic)
0% Purchased (foreign)	0% In-kind (foreign)

NOTES:

The World Food Program supported the program, with funding from SRAC Multilateral Funds, the Dutch Kingdom, the Monaco Principality, and the European Union. Unfortunately, of the 2,400,000 enrolled students targeted, only 25% received food due to the lack of financial resources. Schools not supported by the program saw decreased enrollment and students shifting to enroll in schools that were supported by the program. In 2016, facilities reducing firewood needs by 40% were introduced in 267 schools.
