

## Objectives and Agenda 2024 Global Child Nutrition Forum

(As of 23 September 2024)

### **THEME: School Meal Programs in an Era of Food Systems Transformation**

The objectives of the 2024 Global Child Nutrition Forum in Osaka, Japan are to:

- Serve as a key platform for governments and their partners to learn, exchange experiences, and gain inspiration for building, maintaining, and expanding high quality school meal programs.
- Highlight results of the Global Survey of School Meal Programs and other research, trends, and innovations relevant to school meal programs.
- Showcase Japan's local, national, and international experiences with school meal programs and serve as an official pre-event to the 2025 Tokyo International Conference on African Development (TICAD).
- Collectively develop key messages reflecting participant priorities to guide advocacy efforts over the coming year.
- Support the objectives of the School Meals Coalition (SMC) and Nutrition for Growth (N4G).

The Forum is offered in cooperation with the Japanese Ministry of Foreign Affairs; the Ministry of Education, Culture, Sports, Science and Technology; and International Child Nutrition Japan.
